Dear Parent/Guardian,

All students entering the 7th grade are now required by California law to present documentation of having already received the Tdap (pertussis) booster prior to the beginning of the 2016-17 school year.

Immunizations may be obtained from your own private physician or the Fresno County Public Health Department. If you do not have medical insurance and would like assistance you can call 327-7988.

You must present **WRITTEN EVIDENCE** (month/year of the dose) from your doctor or clinic that your child has received this booster. Please attach a copy of your child's immunization record with the **Tdap** Booster date to this notice and return to the Health Office or take this notice to your doctor or clinic to complete.
